The natives are much impressed by the activity of the American troops, who are being used more freely than at any time hitherto. Heretofore the situation has been handled by the rurales.

Pinar del Rio was tremendously excited last night by constant rumors of open outbreak. The followers of the leaders who were arrested and lodged in fail here Wednesday are very angry. One of the most prominent leaders in the town of Pinar del Rio is the fail warden.

Armed Guard in Jail.

The American officers were informe late last evening that if an outbreak oc curred this morning he intended to take to the woods, first releasing all the prisoners in his charge. Col. Parker, upon receipt of this information, stationed an armed patrol of American soldiers around the jail. While every one in the province of Pinar del Rio is much worried, it is believed that the arrest of Parra, Ducasse, and Miret will serve as a warning, and Coroner Orders Investigation by there will be no insurrection. A special judge of the audiencia was delegated by Gov. Magoon to investigate the conspiracy. This may lead to other arrests.
